LEGRIS RECTUS ADAPTERS

Legris Rectus adapters effectively complement installations equipped with Legris fittings and Rectus couplers, in standard, aggressive or corrosive environments. With a wide range of shapes, they allow for a variety of connection configurations.

Technical specifications

	Materials:	Brass	Nickel-plated brass	Stainless steel
	Fluids:	Compressed air	Compressed air	Air/industrial water and treated water
	Operating pressure:	200 bar	60 bar	200 bar
	Operating temperature:	-40°C to +150°C	-10°C to +80°C	- 40°C to +180°C
	Connection:	G1/8 to G3/4 R1/8 to R1 ¼ NPTF 1/8 to NPTF 3/4	M5x0.8 R1/8 to R ½	G1/8 to G1 R1/8 to R1 ¼ NPT to ½ NPT

Performance depends on the fluids, materials and tube used.

Benefits

- **Wide range of products:** thanks to the wide choice of adapter configurations, users are sure to find the right product for their specific needs, whether for connections, transitions or adaptations.
- **Robustness:** Legris Rectus adapters are manufactured from **high-quality** forged materials, guaranteeing excellent mechanical strength and corrosion resistance.
